CAREER OBJECTIVE

Frontend-focused MERN stack developer with 1.5+ years of experience building production-grade web applications using React.js, Next.js, Tailwind CSS, Express.js, and MongoDB. Seeking a Software Engineer role where I can contribute to scalable, high-quality digital experiences and continue refining modern UI development practices.

WORK EXPERIENCE

ScaleUp Ads Agency - Dhaka, Bangladesh   **Apr 2025 - Present**

Team Leader, Full Stack Development

- Led an 11-member cross-functional team, including UI/UX designers, backend developers, and front-end developers, ensuring smooth collaboration and high-quality delivery.
- Architected and implemented dynamic, reusable frontend components using modern JavaScript frameworks, maintaining scalability and clean coding standards across the team.
- Deployed MERN Stack applications with proper configuration of frontend, backend, environment variables, and production optimization.

WIT Institute - Farmgate, Dhaka   **Sep 2024 - March 2025**

Faculty, Department of Web Development

- Trained 150+ students in frontend development, ensuring 80% successfully completed real-world projects using HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, React JS, Next JS, Redux.
- Created and delivered beginner-friendly and industry standard module and projects.
- Guided students in building responsive web projects with ecommerce functionalities.
- Helped students master core front-end skills.
